

## Service Project team

The purpose of this team is to plan for service projects for the youth group.

- Research available options in the area
- Review list of service project ideas shared by youth at planning meeting
- Coordinate with fundraising team regarding past fundraisers that could be converted to service projects
- Working with Stephanie, schedule service projects for youth group
- Projects can vary: doing something for Messiah (cleaning, doing needed work for another ministry, etc.), gathering items for another ministry (such as a food drive or collecting change), putting together packages of items while hanging out in the youth room, or going to another location to serve in some way.
